Bhupendra Singh Rathore

SENIOR UI/UX DESIGNER / PRODUCT DESIGN & DESIGN LEADERSHIP

Indore, India · +91 97139 21705 · bhup2009@gmail.com · prodesigner.framer.ai · linkedin.com/in/bhupendra-rathore-b4b64588

EXPERIENCE

Impetus Technologies — Assistant Manager, Design L1 / Senior Product Designer

MAR 2025 – PRESENT

- Work across B2B analytics, AI and enterprise SaaS experiences, translating complex stakeholder requirements into flows, interface designs and development-ready assets.
- Develop and review reusable UI patterns, responsive web experiences and brand-consistent digital components for Kyvos, Intellicus and Flow WFM initiatives.
- Provide design direction for SaaS web pages, LinkedIn ads, campaigns, event assets and brand guideline applications; coordinate product, marketing, engineering and vendor reviews.

Deqode Software Solutions — Senior UI/UX / Product Designer

APR 2021 – MAR 2025

- Designed SaaS, fintech and consumer web/mobile journeys using research, wireframes, information architecture, UI design and interactive prototyping.
- Worked with developers on responsive execution, reusable components, Agile handoff and cross-functional design reviews; supported junior designers through feedback.

Orcomm Advertising — Senior Graphic & UI Designer

APR 2018 – APR 2021

- Designed branded websites, responsive interfaces, campaign assets and visual systems, collaborating with marketing and development teams.

Srijan Creative Cell — Graphic / Senior Graphic Designer

JUL 2016 – APR 2018

- Delivered identity, advertising and digital/print communications, from client brief and concept to production-ready execution.

SELECTED PRODUCT WORK

TXT2Create — 0-to-1 AI product

Personally handled UX research, user flows, UI design, prototypes, development coordination, testing and launch, taking the concept from idea to execution.

Beta 24 — Ride-booking mobile app

Designed a ride-booking app from scratch, including the end-to-end product design work.

Family Tree — Mobile app

Designed the family-tree application from scratch, focusing on family-relationship experiences.

Enterprise product work — Kyvos / Intellicus

B2B analytics and business intelligence experience spanning enterprise interfaces and supporting digital experiences.

ABOUT

Senior UI/UX and product designer with 9+ years of experience across B2B enterprise SaaS, consumer products, and AI-powered experiences. I combine user-centered research and hands-on execution with design direction, brand-system thinking, and stakeholder collaboration.
